## **PARENTS AND CARERS CODE OF CONDUCT**

### **Introduction**

We are very fortunate to have mainly supportive and friendly parents/carers. We want our parents to recognise that educating children is a process that involves partnership between parents, class teachers and the school community.

As a partnership, our parents/carers should understand the importance of a good working relationship to equip children with the necessary skills for adulthood. For these reasons we continue to welcome and encourage parents/carers to participate fully in the life of our school.

Parental engagement with their children's learning is important in supporting attainment and progress and parents have a legitimate right to understand what their child is learning at school.

However, contact between parents/carers and the school must be appropriate proportionate and respectful, both of the professional knowledge, experience and skill of teaching and senior staff at the school and of the entitlement of staff at the school to some work/life balance.

### **Purpose**

The purpose of this policy is to provide a reminder to all parents, carers and visitors to our school about the expected conduct. This is so we can continue to flourish. progress and achieve in an atmosphere of mutual understanding.

The policy sets out:

- The general principles underpinning the conduct of members of the school community.
- How it is expected that communication between parents/carers and the school will take place.
- What behaviour towards the school and members of the school community are deemed unacceptable and open to challenge by the school.
- The additional steps the school can take in respect of unacceptable behaviour by a parent or carer.

### **General Principles**

- Remember that the school is governed by the school rules as decided upon by the Governing Body of the school and the Senior Leadership Team.
- Respect the caring ethos and values of our school;
- Understand that both teachers and parents need to work together for the benefit of their children;
- Demonstrate that all members of the school community should be treated with respect and therefore set a good example in their own speech and behaviour;

### Communication

There are many reasons you might want to communicate with the school or a member of staff at the school. This could be simply phoning in to report a child's absence or just informing the member of staff at the gate when you drop your child off that they have forgotten their PE kit or have been complaining of feeling a little unwell. These short conversations to impart information are entirely necessary.

However please remember:

- How busy members of staff are during the school day, particularly first thing in the morning and where you need to speak with a member of staff make an appointment to do so at a time when they can give you their full attention.
- Approach the school to help resolve any issues of concern by making an appointment to meet with the class teacher in the first instance or with the teacher's line manager which in our school is the head teacher.
- If the matter is still not resolved follow the procedure in the school's Complaints Policy which is available under the heading "key Information policies" on our website.
- If you wish to correspond by email this should be done through the school's central email address at (Denton) [enquiries@denton.lincs.sch.uk](mailto:enquiries@denton.lincs.sch.uk) or (Harlaxton) [enquiries@harlaxton.lincs.sch.uk](mailto:enquiries@harlaxton.lincs.sch.uk). This address is monitored regularly during the school day and emails forwarded to the appropriate member of staff or Governor.
- Ensure that all such communications are polite and that you are always mindful of the right of the recipient to be treated with respect.
- When meeting face to face with members of staff to discuss any matters concerning your child's education or wellbeing in school approach the matter calmly and politely as this will also ensure progress can be made to address any issues or concerns. Remember that if you wish to speak with a member of staff it will normally fall to you to make a mutually convenient appointment.

### Unacceptable Behaviour:

- Contacting staff or members of the Governing Body out of school hours using their individual email addresses rather than the school contact email address above. Staff and Governors are entitled to their own personal and family time.
- Do not send any form of correspondence to members of staff or Governors at the school demanding an immediate response or a response within your own time frame as the matter will be addressed, where appropriate, in a time frame deemed appropriate by the recipient.
- Send lengthy, frequent, demanding, or disrespectful emails to staff members as this will seriously undermine their ability to carry out their core role of educating the children in their care.
- When corresponding or speaking with staff in person do not use language that calls in to question their professional abilities or represents any form of personal attack or seek to direct how they carry out their professional roles or run the school. The running of the school is a matter for the Senior Leadership Team and the Governing Body of the school.
- It is unacceptable to record telephone conversations with staff members or to record meetings with staff and/or Governors at the school without making them aware you are doing it and seeking their express permission to capture what could be their personal information and breach their human right to privacy which extends to their workplace.

- Resort to any other form of criticism of the school, its staff or Governing Body or any other matters that relate directly to the school via a medium other than the schools complaints policy and parents and carers are asked to be aware of the schools social media requirements as it appears in "Appendix A".
- When speaking with a staff member or any other member of the school community whether in person, on the telephone or by any other means of communication it is entirely inappropriate to raise your voice, invade their personal space, use language that is disrespectful, rude, offensive, aggressive or threatening.
- Do not shout swear or cause any form of disruption on school grounds.
- Any threats of violence or use of violence towards anyone on school premises is a criminal offence as is damage to school premises and will be likely to result in the matter being reported to the police.
- Do not smoke or vape or consume alcohol or other drugs on any part of the school premises.
- Do not bring dogs onto the school premises unless already agreed with the school that the dog is a guide dog or other form of assistance dog and consent has been given for the presence of the dog to assist its owner on school premises.
- Do not correct your own child's behaviour especially in public where it could otherwise lead to conflict, aggressive behaviour or unsafe behaviour.
- Avoid using staff as threats to reprimand children's behaviour.
- Approaching someone else's child in order to discuss or chastise them because of the actions of this child towards their own child. (Such an approach to a child may be seen to be an assault on that child and may have legal consequences).
- Do not use disruptive behaviour which interferes or threatens to interfere with the operation of a classroom, an employee's office, office area or any other area of the school grounds including team matches.

### **Additional Steps by the school:**

- The member of staff or Governor concerned may challenge the behaviour by asking the person concerned to respect their personal space, stop shouting or using inappropriate behaviour or may end an unacceptable phone call or ask you to leave the school.
- The school may correspond in writing with a parent or carer to challenge behaviour that the school is finding unacceptable such as, for example, being rude to a member of staff or sending too many emails making demands of the school.
- If the school decide the matter requires a more formal approach the school may instruct its legal advisers to write to the parent or carer warning them about their behaviour and/or putting in place a communications strategy to restrict their means of corresponding with the school and/or banning them from school premises if felt to be appropriate.
- Clearly in serious instances where the peace is breached or the criminal law broken the school will also involve the police.

Please note that school premises are not public places but private premises and you have an implied right to enter the school as a parent or carer of a child at the school but it is open to the school to remove that right of entry at any time it deems this to be necessary.

We trust that parents and carers will assist our school with the implementation of this policy and we thank you for your continuing support of the school.

### **Appendix 1: Inappropriate use of Social Network Site**

Social media websites are being used increasingly to fuel campaigns and complaints against schools, Head Teachers, school staff, and in some cases other parents/pupils.

The school seeks to teach pupils the importance of appropriate and responsible use of social media and it is therefore vital that everyone in the school community, including parents and carers lead by example.

The Governors considers the use of social media websites to complain about the school or individual members of staff or make personal comments about anyone in the school community is unacceptable and not in the best interests of the children or the whole school community. Any concerns you may have must be made through the appropriate channels using the Schools Complaints Policy by speaking to the class teacher, the Head Teacher or the Chair of Governors, so they can be dealt with fairly, appropriately and effectively for all concerned in line with that policy.

In the event that any student or parent/carer of a child/ren being educated in the school is found to be posting libellous or defamatory comments on Facebook or other social network sites, they will be reported to the appropriate 'report abuse' section of the network site.

All social network sites have clear rules about the content, which can be posted, on the site and they provide robust mechanisms to report contact or activity which breaches this. The school will also expect that any parent/carer or student removes such comments immediately.

In serious cases the school will also consider its legal options to deal with any such misuse of social networking and other sites. Additionally, and perhaps more importantly is the issue of cyber bullying and the use by one child or a parent to publicly humiliate another by inappropriate social network entry. We will take and deal with this as a serious incident of school bullying. Thankfully such incidents are extremely rare.

Please note that the inappropriate use of a communications network can give rise to offences under the Malicious Communications Act 1988 or the Communications Act 2003 and if persistent could be deemed to constitute the offence of harassment.

### **PHOTOGRAPH POLICY**

At Harlaxton CE School we think it is important to use photographs of our pupils enjoying the varied activities of school life to promote the positive aspects of the work that we do. We use photographs in our internally produced materials such as the school newsletter, in our corridor and classroom displays, for staff training and assessment purposes and on our website. From time to time, articles including names and photographs of special events will appear in the local paper.

In order to do all that we can to ensure all photographs of our pupils are used correctly, we undertake to:

1. Observe the County Council's guidelines on the use of photographs.
2. Only use photographs for the purposes stated above.
3. Ask that you follow our policy when you take photographs of your child at school events.

We can assure you that we have a responsible approach to the use of photographs and do hope that you are able to support us by allowing us to publicise the many positive aspects of the work we do. We would be grateful, therefore, if you are in agreement with our intentions, for you to please **complete the form at the end of the pack**.

### **ATTENDANCE PROTOCOL**

#### **Introduction**

Attendance at school is high on the government agenda at the moment. The government is urging head teachers to challenge poor attendance and stop authorising holidays during term time. This is an emotive point for many parents and Mrs Edwards is happy to discuss individual circumstances on a 1-1 basis. Please note that all schools in Lincolnshire have been instructed to take a hard line when it comes to pupil absenteeism.

# 90%

The Department for Education have changed the definition of 'persistent absence' to deal with the reality of pupil absenteeism in schools and its impact on their learning. The following link has a full copy of the attendance expectations for schools and families.

<https://www.gov.uk/government/publications/working-together-to-improve-school-attendance>

Clearly, if a child has had a prolonged absence (e.g. tonsillitis or pneumonia), there is a clear reason for absence and the child's attendance following recovery will be monitored and will be expected to improve.

#### **Medical Appointments**

Some children require hospital appointments and these are given often to suit the hospital, not the school. On these occasions, a copy of the appointment can be handed in at the school office and if this is in relation to a chronic condition, this will be noted on the child's attendance record. In the case of other appointments at the doctor, optician or dentist, an appointment out of school hours must be made, unless of course the child is unwell, in which case they will be absent from school due to illness and marked as 'ill'. Other hospital medical appointments are marked as 'medical'.

#### **Holiday Authorisation**

The lure of cheaper holidays during term time is very difficult to ignore. Government guidelines state that holidays should not be taken during term time.

### **Exceptional Circumstances**

Schools can grant a leave of absence for other exceptional circumstances at their discretion. Generally, the DfE does not consider a need or desire for a holiday or other absence for the purpose of leisure and recreation to be an exceptional circumstance.

### **Unauthorised Absences**

The school works with the Lincolnshire safeguarding team and child missing education team in order to help children of vulnerable families achieve good attendance. The school monitors absences every six weeks. Where absenteeism becomes persistent, the family are contacted by the Head Teacher to discuss absences. If this persists without improvement, then further support and actions are put into place, and these are explained in the school attendance policy.

Please note, all holidays and late arrivals are unauthorised and being unable to bring your child into school for any reason relating to your own illness or transport issues is also normally unauthorised.

### **Fixed Penalty Notices**

These may be issued for non-attendance and for reaching the threshold of unauthorised absences. Please refer to the school policy for further information.

### **Reporting your child's absence**

All absences are coded to indicate reasons for absence. In order for an absence to be authorised we must be informed of the reason for non-attendance.

A telephone call should be made, preferably **before 9.15am** to advise the school of absence. If the absence is for longer than one day, continued information should be provided to the school. Written explanations are not required if a telephone call has been received.

### **Health procedures**

Please send your child to school unless you are convinced that they are too ill to concentrate on their work. We have an illness protocol (please ask for a copy) if you have a diagnosed illness for your child such as chicken pox. If your child deteriorates or becomes unwell at school, we will contact you immediately.

## **PARENTMAIL**

### **INTRODUCTION OF PARENTMAIL**

Communicating with parents is a vital part of what we do in school. Traditionally, we have used printed letters but delivery of these can be unreliable, the printing costs are expensive, time consuming and not environmentally friendly. Therefore, at Harlaxton School we use ParentMail. This is a service used by many schools, nurseries and children's clubs to communicate with parents and carers.

ParentMail should be beneficial to parents and carers and it means that messages will get to you reliably and on time. We can send messages directly to mums, dads and other carers at the same time via ParentMail. Emergency or important information can be sent by text message and iPhone and android apps are available for parents / carers on the go.

To use the latest version of ParentMail, all you will need to do is verify your account; once you have supplied your email address **in the form at the end of the pack**, you will be sent a text message/ or email to your mobile phone from ParentMail. When you receive this, please click on the link from the message and follow the verification process. You will be asked to enter some details, answer a security question to verify who you are and to set a password for your account.

Once you have followed these instructions, your account will be live. You will only need to register once, regardless of how many children you have in school.

The link will be live for 7 days only. After this period, you will need to call into the school office and ask for the message to be resent to you. If you do not receive any contact from ParentMail, please pop into the office so that we can check that the contact information we have for you is correct.

If you have any questions regarding ParentMail, please contact the school office.

### **SCHOOL GOVERNORS**

A full list of Governors are held on our website.

#### **What do Governors do?**

All governing boards have these three core functions:-

1. Ensure clarity of vision, ethos and strategic direction
2. Holding the Head Teacher to account for the school's educational performance
3. Overseeing the financial management of the school and making sure money is well spent

Therefore, our governors:

- Monitor and ensure high standards of educational attainment
- Review and discuss pupil achievement and progress
- Take general responsibility for the leadership and management of the School in accordance with Government guidelines
- Liaise with the Head in dealing with complaints about the School
- Decide the number of staff, the pay policy and the level of pay for School teachers
- Appoint the Head Teacher and review performance

Governors review and amend all Policies and Procedures required by the School in accordance with current legislation.

Governing Bodies do not: -

- Inspect the School
- Authorise all expenditure
- Decide on pupil admittance
- Decide how pupils are taught
- Have the right to exclude or discipline any individual pupil - such decisions are taken by the Head and discussed with CoG

The Governing Body continually values the input from Parents who experience the day-to-day running of the School through their children; such input contributes to our self-evaluation and decision-making. All parents are encouraged to discuss the School - praise or criticism - with any of our Governors.

The Governing Body for Harlaxton C E School comprises of parents, members of staff and persons appointed by the Local Authority. In addition, the Governing body appoints members of the local community. Foundation governors are appointed by the Church.

### **Where ?.....**

The Governing Body meets at Harlaxton C E School periodically and can always be contacted via the School.

### **When ?.....**

The Governing Body meets collectively at least three times a year. Sub-committees within the Governing body meet in-between Full Meetings and the Chair meets regularly with the Head Teacher. Governors are always available to talk with staff, parents and children about any matters regarding school governance.

### RESPONSIBLE INTERNET USE

As part of your child's curriculum and the development of ICT skills, Harlaxton CE School is providing supervised access to the internet. We believe that the effective use of the internet and email is worthwhile and is an essential skill for children as they grow up in the modern world.

Please familiarise yourself with the 'Acceptable Use Policy' held on our website, this has been updated to include rules for remote learning during times of lockdown.

Please sign and return the consent form, which also includes the 'Pupil' section of the policy so that your child may use the internet at school. (**complete the consent form at the end of the pack**).

Although there are concerns about pupils having access to undesirable materials, we have taken positive steps to reduce this risk in school. Our school internet provider operates a filtering system that restricts access to inappropriate materials.

Whilst every endeavour is made to ensure that suitable restrictions are placed on the ability of children to access inappropriate materials, the school cannot be held responsible for the nature or content of materials accessed through the internet.

Should you wish to discuss any aspect of internet use, please arrange to make an appointment.

*These rules help us to be fair to others and keep everyone safe.*

- I understand that my behaviour will be checked
- I will not play games unless I have permission
- I will not open, copy, delete or change anyone else's files, without their permission
- I will be polite and think carefully about how I talk to others online and what I say about them
- I will not take, copy or send pictures of anyone without their permission or give out someone else's personal information
- I will not try to upload, download or open any files, programs or websites which are unsuitable or illegal
- I will not try to get around the filtering or security systems
- I will not install any programs nor change the settings
- I will not use chat and social networking sites unless I have permission from an adult
- I will not copy other people's work and pretend it is my own
- I will not try to download pirate copies of music, videos, games or other software
- I will check that information I use from the internet is from a trusted website and will ask an adult if I'm not sure

Parents/guardians that pay for school meals, if your child is poorly on the morning of delivery, you may cancel meals up until 8.30am on the morning, and on each subsequent day, please contact us by telephone, or email, using the details provided below. For any school closures, trips, or covid isolation periods, we require 48 hours' notice for a credit to be issued.

### **FAQ's**

#### **How do I know if my child is entitled to free school meals?**

All children in Reception, Year 1 & Year 2 are entitled to Universal Infant Free School Meals. You do not need to apply; this will automatically be actioned on your account.

If you receive any benefits, we encourage you to discuss with the school. An application for the benefits related Pupil Premium grant, could attract extra funding for your child's school, along with other benefits, such as help with uniform costs. Your school will help you with your application, or alternatively you can apply directly, here <https://www.lincolnshire.gov.uk/school-pupil-support/apply-free-school-meals>

#### **I cannot access my account, what do I do?**

In the first instance, please try resetting your password, using the 'Forgot password' button on our home page <https://schoolmealsonline.com/password/reset> Please check your junk mail folder if you do not see an email to reset your password.

If you continue to have difficulty, please contact us, and a member of the team will be happy to help.

#### **I share parental care with an ex-partner, can we both have an account for my child?**

Unfortunately, we can only hold one account per child. This is to ensure there is only one meal order in place, at any one time. It may be that you can use a separate, shared email address and password. If not, we would be happy to take one parent/guardian's orders online, and the other via email or telephone. Please contact us for more information.

#### **I have missed the deadline; can I still order meals?**

We try to remain as flexible as possible on processing late orders. Please contact us at the earliest opportunity and a member of the team will be happy to help. If our supplier orders have already been submitted, we may need to limit the meal choices that we can offer, however, there should always be something available to offer.

#### **I have not received a credit/refund for meals I cancelled, can you help?**

Our new credit system is currently still in development. Refunds to your account can take between 5-10 days. If you have not received a refund after this time, please contact us.

#### **My child loves your lunches, can you deliver our evening meal too?**

Not currently, unfortunately ;-)

If you require assistance with setting up your account, ordering meals or making payments, please contact **Ideal Meals on 01522 246424 between the hours of 9.00am-4.00pm Monday-Tuesday and 9.00 am—2.45pm on Wednesday-Friday or alternatively via email [enquiries@idealschoolmeals.co.uk](mailto:enquiries@idealschoolmeals.co.uk)**

### **Packed Lunches**

If your child would prefer a packed lunch from home then you will need to provide a packed lunch for your child in a suitable container.

Please note that if your child would like juice then this can be provided as part of their packed lunch but at other times of the day your child will need a water bottle for the classroom.

Packed lunches are provided at the parent's discretion but may not contain confectionary (sweets / chocolate bars are not permitted in school at all) and must not contain nuts or sesame products because we have children in school who have severe allergies to these products.

### **Water Bottles**

All children should have a water bottle in school every day which they have access to in the classroom and throughout the day.

### SCHOOL MILK

For all children under the age of five, we have arranged for them to receive free milk at school, funded by the UK Government's Nursery Milk Scheme, you just need to register!

However, do not let your child miss out on school milk after their 5th birthday

When your child turns five, you have the option to pay for their milk to continue - we have made arrangements with the UK's leading school milk supplier, Cool Milk, to supply milk at a subsidised cost of around £16 per term.

What you need to do:

Visit **[www.coolmilk.com](http://www.coolmilk.com)** as soon as possible and select **"Register your child for milk here"**, then follow the on-screen instructions to register and pay.

A portion of fresh, chilled milk at mid-morning break provides protein, calcium and other vital nutrients, important for your child's growth and development. It is also a great way to bridge the gap between breakfast and lunch, re-hydrating your child and helping them to concentrate in class.

Should you have any queries regarding your child's registration or milk supply in general, please do not hesitate to contact Cool Milk directly at [customerservices@coolmilk.com](mailto:customerservices@coolmilk.com). Or call 0844 854 2913.

### TAPESTRY

Dear Parents / Carers

I am pleased to advise that all 'Reception' Children attending Harlaxton CE School will have a personal on-line 'Learning Journey' which records photos, observations and comments, in line with the Early Years Foundation Stage, to build up a record of your child's experiences during their time with us.

We use 'Tapestry', a system which is hosted in the UK on secure servers. Access to your child's learning journey will be via a website which you will log into using your email address and a password. In addition to viewing our contributions, we encourage you to add to it by uploading photos and comments, or commenting on observations made by us.

Once you have provided the school with an email address, we will be able to set you up with an account, which allows you to access your child's learning journey on the secure 'Tapestry Website'. Instructions on how to use the website are shown below.

If you do not have access to email, your child will still be able to have an online Learning Journey which you can access through the use of school computer equipment on request. It is also possible to provide printouts of the Learning Journey and a copy of which will be provided at the end of Reception Year.

In order for your child's Learning Journey to be created, please provide information by completing for the **form at the end of the pack**. If you have any questions or queries about the online Learning Journey, please do not hesitate to contact me.

Yours Sincerely

## General Permission

	Yes	No
I hereby give permission for my child/children to leave the school premises under the supervision of school staff. I understand that this permission is given for short visits within the vicinity of the school, including visits to the Grantham Meres Leisure Centre for swimming, P.E. and also Denton School, for the duration of when they attend this school.		

## Photo Permission

As usual, we will take photographs of your child during school activities and the school will use these photographs responsibly and for school use only. Please be aware that other parents take photographs of children during school performances and events. We remind parents to use the photographs for personal use only and not to share these over the internet or social media etc.

This now leaves parents with a single option of whether parents give permission for the school to publish photographs of your child on the school website or on other sites related to school activities such as The Grantham Journal.

Please answer by ticking 'yes' or 'no' and return to the school office.  
Please note that we will assume a 'no' option until we receive the reply.
